

LEAD GLASSES MODEL 206

FRAME INFORMATION

The Model 206 Radiation Safety Glasses feature high-quality, distortion-free SF-6 Schott glass radiation-reducing lenses with 0.75mm Pb lead equivalency protection and 0.50mm Pb lead equivalency lateral protection. The 206 radiation safety glasses have clear CE Certified Lens and weigh 75g. They are also prescription available. Plus, the 206 radiation glasses are made of high-quality plastic, featuring a durable and lightweight rectangular, wrap-around frame. In addition, these Phillips Safety lead glasses feature rubberized nose pads, rubberized temple bars, integrated side shields, and a removable dust dam. They are available in three colors: orange/brown with clear side shields, yellow/black with clear side shields, and yellow/black with smoke gray side shields.
