

# LEAD GLASSES MODEL 66

## FRAME INFORMATION

The Model 66 Radiation Safety Glasses feature high-quality, distortion-free SF-6 Schott glass radiation-reducing lenses with 0.75mm Pb lead equivalency protection and 0.50mm Pb lead equivalency lateral protection. The 66 radiation safety glasses have clear CE Certified Lens and weigh 110g. They are not prescription available. Plus, the 66 radiation glasses are made of high-quality plastic, featuring a durable and lightweight oversized frame. In addition, these Phillips Safety lead glasses feature adjustable temple bars and permanent side shields. They are available in two colors: black and silver.
