

LEAD GLASSES MODEL Q200

FRAME INFORMATION

The Model Q200 Radiation Glasses feature high-quality, distortion-free SF-6 Schott glass radiation-reducing lenses with 0.75mm Pb lead equivalency protection and 0.50mm Pb lead equivalency lateral protection. The Q200 radiation safety glasses have clear CE Certified Lens and weigh 74g. They are also prescription available. Plus, the Q200 radiation glasses are made of high-quality plastic, featuring a durable and lightweight rectangular, wrap-around frame. In addition, these Phillips Safety lead glasses feature rubberized nose pads and rubberized temple bars for superior comfort, and leaded side shields. They are available in three colors: black, blue/pink, and purple.
