

NIKE LEAD GLASSES PREMIER

FRAME INFORMATION

The Nike Premier radiation glasses feature high-quality, distortion-free SF-6 Schott glass radiation-reducing lenses with 0.75mm Pb lead equivalency protection. These radiation safety glasses Nike Premier have clear CE Certified Lens and weigh 77g. They are also prescription available. Plus, the Nike Premier is made of high-quality plastic, featuring a durable and lightweight rectangular, wrap-around frame. In addition, these Nike lead glasses have rubberized nose pads, rubberized temple bars and high-tension hinges. They are available in three colors: matte black, matte anthracite, and matte tortoise.
