

LEAD GLASSES MODEL T9559

FRAME INFORMATION

The Radiation Safety Glasses T9559 is a plastic frame with prescription available. The Lead glasses T9559 have integrated side shields for additional protection, and also feature silicone nose pads, rubberized temple bars, and removable foam support on top of the glasses for a comfortable fit. Plus, the T9559 lead safety glasses are made from TR-90 nylon for durability, and the radiation reducing lenses are made from distortion-free SF-6 Schott glass lenses and offer a protection level of .75mm Pb lead equivalency. The lead glasses with prescription T9559 are available in clear neon green, clear teal, clear pink, and clear black.
