

LEAD GLASSES MODEL 20020

FRAME INFORMATION

The Radiation Safety Glasses 20020 is a plastic frame with prescription available. The Lead Glasses 20020 have radiation reducing lenses made from distortion-free SF-6 Schott glass lenses and offer a protection level of .75mm Pb lead equivalency. Made of high-quality plastic, it is a durable and lightweight rectangular frame. The 20020 safety glasses feature rubberized temple bars and integrated side shields with 0.50mm Pb lead equivalency lateral protection. Plus, these lead glasses are available in clear blue.
