

LEAD GLASSES MODEL 500

FRAME INFORMATION

The Model 500 Radiation Safety Glasses feature high-quality, distortion-free SF-6 Schott glass radiation-reducing lenses with 0.75mm Pb lead equivalency protection and 0.50mm Pb lead equivalency lateral protection. The 500 radiation safety glasses have clear CE Certified Lens and weigh 67g, or 70g in the larger size. They are also prescription available. Plus, the 500 radiation glasses are made of high-quality metal, featuring a durable and lightweight oval frame. In addition, these Phillips Safety lead glasses feature adjustable silicone nosepads, leaded side shields, and spring hinges. They are available in two colors: gold and gunmetal.
