

LEAD GLASSES MODEL TP395

FRAME INFORMATION

The Model TP395 Radiation Safety Glasses feature high-quality, distortion-free SF-6 Schott glass radiation-reducing lenses with 0.75mm Pb lead equivalency protection and 0.50mm Pb lead equivalency lateral protection. The TP395 radiation safety glasses have clear CE Certified Lens and weigh 78.9g. They are also prescription available. Plus, the TP395 radiation glasses are made of high-quality plastic, featuring a durable and lightweight square, oversized frame. In addition, these Phillips Safety lead glasses feature removable side shields, rubberized nosepads, and rubberized temple bars for superior comfort. They are available in two colors: gray/blue and light gray/green.
